talk to
someone
about a Drug
or Alcohol
problem?**

Substance use and mental health problems are treatable, and help is available - for more information call 415.456.6655

Substance Abuse & Behavioral Health Treatment Services for Adults

Center Point Inc. provides an array of treatment, continuing care, and recovery support services in a variety of residential and outpatient settings.

Therapeutic and clinical interventions are designed to help resolve substance abuse and relapse; address co-occurring mental health issues and; provide a recovery oriented system of care.

Participants are encouraged to examine the roots of their addiction in order to develop and maintain healthy, socially connected productive lives.

Center Point's Marin County outpatient services include individual, group and family counseling. Center Point also offers post-treatment recovery support and alumni mentoring programs.

Fee: Center Point programs and services are provided on a sliding scale fee basis. Public funding and support is available for those without resources.
